June 2, 2014

To whom it may concern;

I am truly pleased to bring to your attention the truly outstanding performance of Lauren Pate, 4<sup>th</sup> Grade Teacher and Math Teacher at Branch Line Charter School. I am privileged to have had Lauren teach my 4<sup>th</sup> Grader this past school year (2013-2014).

Lauren Pate is an outstanding educator who consistently demonstrates the knowledge, skills and abilities to skillfully work with children of all educational, socio-economic and personal skill levels. Her ability to achieve exceptional results with limited resources has been remarkable and fully reinforces her reputation as an excellent educator

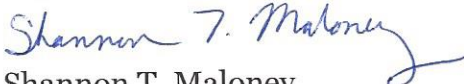

As a parent, I have been able to witness firsthand the professionalism, the caring and the nurturing that she brings to our children every day. Lauren Pate is a dynamic team player and an independent creative force that lend her to be a success within any organization. Her ingenuity and results oriented approach to problem solving for the everyday issues associated with a multi-level split grade have distinguished her from her peers time and again.

She is one of those rare teachers who has the ability to motivate her students as well as work with parents. I can say without reservation that without her influence my daughter would not have excelled this year to become the great reader, mathematician and student that she is today.

I can think of no finer accolade than to state that I would go out of my way to attract Lauren Pate to any teaching staff of mine. She is a valuable asset, a proven performer and an outstanding educator.

For further reference or information, please contact me at the above address, via email at [smaloney@strategicpension.com](mailto:smaloney@strategicpension.com) or via phone at (248) 207-6503.

Sincerely;

  
Shannon T. Maloney
